

We are the small dental clinic in the heart of Ruzinov, aimed at solving dental problems for any members of your family.

Our treatment methods are modern, painless and the approach is individual to each patient and allows us to solve the whole range of problems of your oral cavity.

We offer our patients such types of treatment as:

- treatment of dental caries and root canals,
- aesthetic dentistry- restoration of damaged teeth with fotocomposite reconstructions, crowns and veneers,
- dental hygiene and teeth whitening,
- X-Ray examination,
- treatment of gum diseases and elimination of tooth mobility,
- therapeutic and surgical treatment of periradicular inflammation,
- tooth extraction, inc. removal a ,, difficult,, wisdom teeth,
- surgery of the gums and mucous membrane around the teeth, implantation and all types of dental prosthetic.

We are located 2 min.walk from the Herlianska bus stop(50, 75) and tram(9).

There is a small parking lot near the clinic, free until 12.00 .

We speak Slovak, English, Ukrainian, Russian.

You can reserve an appointment for treatment by phone number. [0911- 444- 713](tel:0911-444-713) and also write to our e-mail : dentalika.stom1@gmail.com and leave the contact information- we will call you back.
